STAMPS

Stampin' Up!'s unique stamps come in either red rubber or photopolymer mediums.

Classic red rubber stamps are great for detailed images. Choose from wood-mount (permanently mount your stamps on wood blocks), or clear-mount (temporarily mount your stamps on reusable clear blocks). Transparent photopolymer stamps are ideal for precision placement. Visit AC p. 206 to find reusable clear blocks for use with clear-mount and photopolymer stamps. Stamp artwork is shown at full size unless otherwise noted. Visit stampinup.com/translated-uk or stampinup.com/translated-nl to see products available in additional languages.

Take a look at stampinup.com/shop-uk or stampinup.com/shop-nl for more products and details.

Page numbers refer to this catalogue unless otherwise noted. The abbreviation AC refers to the 2018-2019 annual catalogue.

Shelli's MESSAGE

Dear friends,

Living a creative life is very important to me. For instance, in 30 years I've never purchased a card or tag in a shop because I genuinely love handcrafting my own. That's part of the way I live my life. I always make time for creating beautiful things with stamps, ink, and paper, especially during the Christmas season. And when I share the things I've made, it's my way of giving a little bit of myself to someone else.

I'd recommend this creative approach to life to anyone, especially in this season! Take some time to slow down and share yourself through your crafting, maybe by making your own cards and gift packaging. Start a Christmas tradition, and involve your friends and family. (My grandchildren help me papercraft, and I love every minute of it!)

I hope you'll find inspiration within the pages of this catalogue to do just that, while you make lasting memories with those you love!

Have a lovely, "crafty" festive season!

"It has become a tradition amongst my family and friends: people look forward to my greeting cards! I'm sending more and more of them; I don't have a choice, otherwise I'm reminded in no uncertain terms! And then there are the gift packaging and tags that people just won't open because they don't want to spoil them."
