START SIMPLE: LET US DO THE HARD WORK FOR YOU

Not quite ready to dive in head first? That's okay! Start with a card kit; it includes everything you need to make your first (and second and third. . .) handcrafted card (p. 196–197).

**Everyday Occasions
Card Kit » p. 196**

**Hip Hip Hooray
Card Kit » p. 197**

The paper is precut, the card bases are prescored, the coordinating embellishments, stamps, and ink are all included—just add scissors and adhesive (p. 204-205, 215)!

CASE: COPY AND SHARE EVERYTHING

Throughout the catalogue, you'll see pages like this one that showcase project ideas for birthdays, weddings, gifts, and more, along with a list of all the products you need to make them. See something you like? Copy it! That's why it's there. Use the colours and products as we've listed them, or just take the idea and customise it with your own colours and embellishments.

Find a project that you really like.

Check out all of the images in the coordinating stamp set.

Order the products so you can make it too!

Want a super-quick project? Look for the **Quick & Easy** icon.

STEP IT UP: MAKE IT COMPLETELY YOU

Maybe you've been at this crafting thing for awhile, so now you're looking for a fresh idea or cool new technique. Look for pages like this one in the catalogue that demonstrate different ways to use our products. You can also pull up how-to videos wherever you see QR codes. And, of course, you can always contact a demonstrator—your personal creative coach—for even more ideas, tips, and techniques. Visit www.stampinup.com/find-a-demonstrator to find one near you.

Look for **QR codes** throughout the catalogue to open up videos filled with product information and inspiration.

Simply scan the QR code with your mobile device and favourite QR app. You can find free QR apps by searching for "QR" in your device's app store.

Don't have a mobile device? Visit stampinup.com/showmehow_uk or stampinup.com/showmehow_nl to see the videos.

CHOOSE your own STAMP ADVENTURE

No matter your stamping style or stamping needs, we've got you covered with three styles of stamps. All styles are made from superior materials in the USA and are beautifully packaged in DVD-style cases with stamp images on the spine for easy storage and quick reference.

Note: Not all stamp sets are offered in all three styles; look for stamp style indicators next to stamp set descriptions throughout the catalogue. Unless otherwise noted, all stamps are shown at 100%.

CLASSIC rubber

Our classic rubber stamps offer detailed stamping in two different options: clear-mount and wood-mount.

CLEAR-MOUNT

One set of clear blocks works for all of your stamps.

Position stamps on clear blocks when you stamp, then remove for space-saving storage.

Several stamps can be placed on a single block for more creative combinations.

Sleek and modern blocks are made from clear acrylic for perfect placement (sold separately; p. 234).

WOOD-MOUNT

With stamps permanently mounted on blocks, they're always ready to go!

Each wood-mount set comes with a set of wood blocks—one block for each stamp.

Blocks are made from beautiful farmed maple.

photopolymer

Our photopolymer stamps offer precision alignment for alphabet, border, and large-text stamps.

Use one set of blocks for all of your stamps, which means less storage space.

Create your own stamping combinations by placing several stamps on a single block.

Clear stamps on clear blocks results in perfect placement while two-step stamping.

Stamps are bendable giving you even more creative possibilities with each set.

STAMPIN' BLENDABILITIES

Alcohol-based ink markers lay down blendable, dimensional colour. Design your own colour gradients, layer colours for depth, try one colour or a bunch—how you use them is up to you!

"I have been a Copic user for many, many years and have yet to find an alcohol pen that I thought was as good. I've tried many brands, so naturally I was skeptical about the new ones from Stampin' Up! I could not believe how much I loved these pens! The blending is flawless and smooth. The fact that they match all of Stampin' Up!'s inks and cardstock is a great bonus, too. Honestly, these pens are every bit as good as a Copic!"

—Becky Fleck, editor-in-chief of *Scrapbook and Cards Today*

1. Stamp an image in Memento ink on Whisper White Cardstock.

2. Colour a small area with the darkest colour first.

3. Highlight with the medium colour.

4. Finish off with the lightest colour.

THE ART OF BACKGROUNDS

The perfect backdrop for your card, scrapbook page, or other project is just a little ink away. Check out these three different options for creating your own backgrounds.

Quick & Easy

Just ink up your background stamp (right) with a Classic Stampin' Pad (p. 179-183) and stamp.

A Little Bit More

Cover more of your background area with a Decorative Mask (p. 205), a Sponge Dauber or Stampin' Spritzer (p. 210), and some Classic Stampin' Ink (p. 179-183).

Totally Stepped Up

Cover a Textured Impressions™ Embossing Folder (p. 226-227) with VersaMark ink (p. 210), stamp it like a background stamp, emboss the image, and then colour it in with our Stampin' Chalk Marker (p. 211)!
